<u>Co-enrolled Program</u>	<u>PROS with Clinical Treatment</u>	<u>PROS without Clinical Treatment</u>	<u>Limited License PROS</u>
ACT	<p>Co-enrollment through individual waiver only.</p> <p>ACT programs may petition the NYS Office of Mental Health (OMH) for a waiver to the ACT-PROS enrollment rules. Waivers for co-enrollment will be limited to those individual enrollees for whom the use of psychosocial club or intensive rehabilitation services could improve their potential for recovery. This approach will maintain the current opportunities available to ACT enrollees to participate in psychosocial clubs, vocational programs and use of IPRT services.</p> <p>ACT enrollees who have been granted a waiver will be allowed to concurrently enroll in PROS for a 3-month period. Co-enrollment can be extended for additional 3-month periods through obtainment of another waiver. The ACT and PROS must have an internal utilization management process in place that documents continued need for co-enrollment and documenting how the co-enrollment is helping to achieve the individual's goal.</p> <p>The following PROS billing rules will apply:</p> <p>Individual must have an OMH approved waiver.</p> <p>PROS cannot bill for the clinical treatment component for ACT individuals. These individuals must receive their clinic services from ACT</p> <p>PROS may only bill for the lowest 2 levels of CRS and for Intensive Rehabilitation if it is an approved component in the waiver.</p> <p>PROS billing for individuals in Supportive ACT is limited to CRS and IR.</p>	<p>Co-enrollment through individual waiver only.</p> <p>ACT programs may petition the NYS Office of Mental Health (OMH) for a waiver to the ACT-PROS enrollment rules.
